Scholarship Application 2017

Each year we do our best to offer scholarships to a few students in order to increase access to midwifery education and expand diversity in midwifery. Please only apply for a scholarship if you have a strong commitment to your midwifery education and to completing this program. To apply for a scholarship please complete this form AND the official application for the program and submit them together.

We have 2 work scholarships for the LOCAL class available for students with financial need. These are \$500. scholarships towards your tuition.

We have 2 \$500. diversity scholarships available for the LOCAL class for students of color.

We have 3 \$200. diversity scholarships available for the ONLINE class for a student of color

We have 1 additional \$200. scholarship for any student who will serve and under served population. This may mean a low income population where you will offer free or low cost services, an at-risk population, LGBTQ and/or transgender parents, a community with little or no access to midwifery care, or an overseas community in need of midwives.

We have 1 \$200. scholarship for the ONLINE class for a student with financial need

We have 2 full scholarships for international students who come from areas where access to midwifery education and midwives is limited.

(*While the majority of midwives are women and we frequently use terms like *mother* and *woman*, WomanCraft acknowledges that midwives can be men and individuals who do not self identify with a traditional gender role. Diversity within midwifery is a vital and important aspect of serving, empowering and educating a diverse population of expecting parents.)

Which Scholarship are you applying for: _____

Is this for the LOCAL class or the ONLINE class?

Name: _____

Address: _____

Phone: _____

Email: _____

Please submit a 1-2 page essay that talks about the following:

Why you want to be a midwife?

What led you to midwifery?

How this scholarship will help you on your journey?

If you serve or will serve an under served population or have unique circumstances please let us know.

Once your **application** and essay are received you will be contacted via email about whether your application has been accepted.

Acceptance of a scholarship requires immediate registration in the midwifery course and may require an initial deposit depending on the program you apply for and the scholarship you receive.
